CAREER OBJECTIVE

Graduate of computer science with experience working across Web development. Looking for a role where I can grow and learn from experienced team members while drawing on project experience I have already successfully executed.

EDUCATION

B.S. In
Computer Science
CPU INFORMATION AND BUSINESS COLLEGE
📅 Aug, 2022   📍 Addis Ababa, Ethiopia
🎓 GPA: 3.4

PROJECTS

- ➤ **Online Shopping**
  A web application that enables anyone to make shopping online in simple steps. Anyone can create an account, order, and buy products of their choice online.
- ➤ **Hotel Management System**
  a web-based application that allows the hotel manager to handle all hotel activities online. Interactive GUI and the ability to manage various hotel bookings and rooms make this system very flexible and convenient.
- ➤ **Online Auction system**
  a web-based application that will help users to buy or sell an item; they can trade anything they want by posting an ad. This application will allow users to post their products for auction; bidders can register and can bid for any available product.
- ➤ **Charity website**
  A website that connects clients to services accepts donations from donors, finds volunteers, shares news inspires people who are interested, and much more
